I, Ravi Kumar, owner of the silver Maruti Suzuki Swift (registration KA 01 AB 0000, synthetic), give this statement about the accident of 2 October 2026.

At about 6:40 pm on 2 October 2026 my car was STATIONARY at the red signal at the Silk Board junction, Bengaluru, with the handbrake on.

A speeding vehicle came from behind and struck the REAR of my car. The impact damaged my rear bumper and boot lid. I did not see the driver's plate. There was no vehicle ahead of me that I touched.

No one was injured and no police report was filed.

I took the car to Sri Lakshmi Auto Works on 5 October 2026 for an estimate, and I attach photographs of the damage.

Signed: Ravi Kumar (synthetic person), 6 October 2026
